

Summary of EU-IDN AP 2020

ISSUES	
1. Legality Definition	
1.1	Customary forests, private forest with natural standing stock and community forests (HTR, HKM, HD) are able to adopt SVLK
2. Supply chain control	
2.1	Timber flows from forest and industry units with suspended/lapsed certificates are detected and controlled.
2.2	DKP is implemented with greater consistency and reliability
2.3	Improved procedures for import controls are designed and implemented
2.4	Timber flows in/out of registered timber depots/TPT-KO and secondary industries are integrated into MoEF online systems
2.5	Traceability of timber from temporary use forest licenses is improved.
2.6	Data management and analysis are integrated
3. SVLK certification	
3.1	Trends of SVLK adoption are monitored
3.2	Obstacles relating to SVLK- FLEGT implementation by SMEs are assessed and addressed
3.3	Transparency and credibility of CAB audits are strengthened
3.4	Consistency between SVLK regulations and VPA requirements is maintained.
4. Law Enforcement	
4.1	Investigation of suspected cases of infringement happens in a timely manner
	Coordination between key MoEF divisions and other stakeholders is improved
4.1	Access to MoEF data for IM organizations is improved
4.3	Detailed sustainable funding strategy for IM function is developed
5. Licensing	
5.1	Problems related to FLEGT licenses / V-Legal Documents are addressed.
5.2	The development of E-licensing advances.
6. Periodic Evaluation, Impact Monitoring and Independent Market Monitoring	
6.1	Periodic Evaluation (PE) is conducted.
6.2	Impact Monitoring (IM) is conducted
6.3	Independent Market Monitoring (IMM) is conducted
7. Market outreach	
7.1	FLEGT licenses are continually promoted in the EU market
7.2	S-Korea, Japan, and China have improved awareness of V-Legal Documents
7.3	Annual Report 2019 and other documents of the JIC are published
7.4	National stakeholders improve awareness on FLEGT/VPA in Indonesia
8. LIU, JIC and technical structures under the JIC	
8.1	Resourcing for the FLEGT-SVLK (LIU, JIC Secretariat etc)
8.2	1 JIC meeting is conducted
8.3	Up to 3 JEM meetings are conducted
8.4	Regular Technical meetings take place
