

## Clarification on the numbers of FLEGT Licences issued

28 October 2017

Dear colleague,

We would like to clarify that the numbers in our email from 20 October 2017 referring to FLEGT licences should have referred to V-legal documents instead.

By 15 October 2017, Indonesia had issued 190,836 V-legal documents for exports worldwide, with a total value of US\$ 10 billion. This includes 35,897 FLEGT licences that accompanied exports to the 28 EU Member States, which had a total value of US\$ 1.1 billion.
